

HP Point of Sale Solution

HP recommends Windows Vista™ Business

Everything your business needs in a complete POS solution!

The HP Point of Sale Solution (POS), designed specifically to withstand the demands of the retail environment, provides a complete point-of-sale solution for retailers ranging from small to large. The solution combines the HP rp5700 Point of Sale system, HP Point of Sale peripherals, software, and services providing the flexibility to customize your POS solution to meet the needs of your growing business.

Retail-hardened at an affordable price

The HP POS Solution is based on the HP rp5700 Point of Sale system which is priced attractively to fit within your budget and offers industry standard architecture, a small footprint and a retail-hardened design. An oversized cooling solution and power supply, extensive on-board monitoring and alerts, and extreme environmental and shock testing all contribute to the exceptional durability and reliability of the HP rp5700.

The system also features RAID, dual independent display support, a 5 year lifecycle and 3 year warranty, up to 10 USB ports (four powered), up to 4 serial ports (all power configurable); 2 full height PCI slots, a PCI-Express x1 slot, and an SDVO/ADD2 for maximum connectivity.

Manage your retail environment with easy-to-use Microsoft Dynamics™ - Point of Sale 2.0 software

For single-store retailers requiring a POS solution, the Microsoft Point of Sale application is available pre-loaded as part of total packaged solution. Microsoft Point of Sale provides retailers an easy-to-use application to track sales, inventory and customer information. Designed to replace a cash register, Microsoft Point of Sale helps users save time and money by automating store sales and inventory processes at an affordable price.

Simplify and streamline your customers' checkout experience with peripherals

The HP Solution gives you the flexibility to customize your POS solution to your unique requirements with HP POS peripherals. These peripherals are easy to set up and use, and are fully tested and integrated with the HP rp5700 system to provide a reliable solution for all your POS transactions. Customize your POS solution with any of these affordably priced HP POS peripherals:

- 15" LCD Touchscreen Monitor
- Cash Drawer
- USB Barcode Scanner
- USB Receipt Printer
- USB POS Keyboard
- USB Magnetic Stripe Reader

Ease your mind with HP services and support

Sometimes the most important part of your business is what's happening behind the scenes. With HP Care Pack services, you get the flexibility to choose the support level you need to protect your Point of Sale Solution – all for a fixed, predictable and affordable price – available 24/7/365 days a year.

Get the total package

Given the demanding world of retail, only a total solution will do. The HP Point of Sale Solution delivers the features, functionality and durability required for, high-traffic, customer-facing retail environments. With the HP POS Solution, retailers have more choices now than ever by selecting the POS technology that is the right combination of hardware, software and services to meet their requirements.

HP Point of Sale Solution

A powerful, adaptable solution to meet your needs – and budget. The HP POS Solution brings together advanced technologies and enhanced POS functionality to deliver an easy-to-setup solution with HP-branded and tested peripherals – seamlessly integrated together!

HP rp5700 Point of Sale System (For additional information, visit www.hp.com/go/rp5700)

- HP Point of Sale Solution leverages the HP rp5700 system, featuring an open, industry standard architecture
- Retail-hardened design with energy efficiency built-in for savings (80 PLUS power supply, ESTAR compliant)
- Based on the Intel® Q963 chipset, the HP rp5700 features a five year lifecycle and three-year warranty
- Choose Microsoft Windows XP Professional, Vista Business 32 Edition, Microsoft WEPOS, or FreeDOS
- RAID and dual display support; up to 10 USB (4 powered) and 4 serial (all power configurable) ports

HP L5006tm LCD 15" Touchscreen Monitor (HP Part Number RB146AA#ABA)

- Get faster customer service, increase employee productivity and quick training with touchscreen technology!
- "Designed for touch" from the ground up; stable tilt base, and controls on side rather than front
- Surface Acoustic Wave (SAW) touch technology, accurate input through a finger, gloved hand or stylus
- Chemical resistant glass; offers a more durable damage-resistant alternative to film-coated display screens
- Functions as desktop or wall-mountable; VESA mount option

HP Cash Drawer (HP Part Number EY024AA)

- Heavy duty, robust construction ensures durability and long life
- Designed around a full-sized till, has a narrow footprint, minimizing counter space
- Adjustable media slot divider separates and organizes sections for bills and coins
- Heavy duty latch mechanism provides consistent operation
- Four-function lock offers several layers of security: locked-closed, locked-open, online and manual open

HP USB Barcode Scanner (HP Part Number EY022AA)

- Durable design built into a small, lightweight hand-held scanner, with hands-free Intellistand™
- Serve customers faster and improve service with fast performance at 100 scans per second
- Improve the accuracy of your inventory by scanning products with bar code technology
- Improves user productivity with working range of 17 inches
- Multiple modes of confirmation ensures positive user feedback; bright LED and Adjustable Beeper Volume

HP USB Thermal Receipt Printer (HP Part Number EY023AA)

- Smaller, smarter, and faster thermal printer – never runs out of ink or toner!
- Smaller and compact than comparable printers, but features a large paper roll capacity (90 mm)
- Quickly and easily change paper rolls with Clamshell™ drop-in paper loading system
- Prints up to 38 lines per second! One of the fastest receipt printers in the retail industry
- One-button programming for baud rate, interface and energy consumption mode

HP USB Mini Magnetic Strip Reader (HP Part Number EY026AA)

- Specifically designed with small footprint, ideal for retail industry where space is at a premium
- Automatically distinguishes between magnetic data formats (AAMVA and CA DMV)
- Ability to read up to three tracks of information with a single swipe in either direction
- Multiple modes of confirmation ensures successful read with beeper and LED indicator signals
- Can be used as a free-standing unit or mounted to a surface (velcro and screws provided)

HP USB POS Keyboard (HP Part Number EY025AA#ABA)

- Features full QWERTY, programmable U.S. 106-position key layout with 28 configurable keys
- Compact 14 inch form factor offers optimum space efficiency for retail environments with limited space
- Robust product design with spill and dust resistant key areas
- Integrated touchpad with two mouse buttons ensure easy cursor navigation at minimal desktop surface
